Ogden, Wednesday, May 22.

OFFICERS FOR DEGREE OF HONOR

Ogden Woman Heads Jurisdiction and Next Meeting Will Be at Park City.

The seventh biennial session of the Degree of Honor closed here early last evening. The meeting was characterized as the most successful in the history of the jurisdiction, which embraces Utah, Idaho and Wyoming. The most important matters disposed of yesterday were the selection of officers for the next two years, and the naming of Park City as the next place of meeting for the grand lodge.

The officers selected were: Past grand chief of honor, Mrs. Margaret Mallon of Wallace, Ida.; grand chief of honor, Mrs. Callie E. Cave of Ogden; grand lady of honor, Mrs. Nellie E. Cook of Eureka; grand clerk of ceremonies, Mrs. Jean Watson of Park City; grand recorder, Mrs. Eva Darke of Salt Lake; grand treasurer, Mrs. Lizzie Knudsen of Park City; grand usher, Mrs. Louise Gutting of Evanston; grand inner watch, Mrs. Margaret Davy of Hope, Utah; grand outer watch, Mrs. Ella Boyd of Hadley, Ida.; supreme lodge representatives, Mrs. Margaret Mallon of Wallace, Ida., Mrs. Lizzie Knudsen of Park City and Mrs. Eleanor Crawford of Salt Lake.

Excepting for the positions of grand chief of honor and grand outer watch, the elections were by acclamation. Mrs. Margaret Mallon of Wallace, Ida., put up a good fight for re-election as grand chief of honor, but when the vote was counted Mrs. Cave of Ogden secured a majority of one vote, being chosen for the office by this small margin. But five or six votes separated the contestants for the place of grand outer watch.

The prizes offered for the lodge securing the greatest number of new members since the last meeting, also the lodge securing the greatest number of members since the first of the year, were awarded to Silver Spray lodge of Park City and Mulligan, Ida., respectively. The first prize was \$10 and the second \$5.

The question that occupied the largest part of the session was whether or not the delegates should go to the superior lodge meeting at Park City. The majority of the delegates of this jurisdiction are working. After lengthy discussion of the matter the convention decided to instruct its delegates to work toward that end. Should the movement go through, the supreme lodge, it will virtually mean a complete severance of the Degree of Honor from the A. O. U. W. In this city some time ago has been petitioned for the membership in the local lodge of the Degree of Honor. It is to overcome this that the delegates of this jurisdiction are working. After lengthy discussion of the matter the convention decided to instruct its delegates to work toward that end. Should the movement go through, the supreme lodge, it will virtually mean a complete severance of the Degree of Honor from the A. O. U. W. In this city some time ago has been petitioned for the membership in the local lodge of the Degree of Honor. It is to overcome this that the delegates of this jurisdiction are working.

Owing to the large amount of business before the convention yesterday afternoon, it was necessary to adjourn the pleasure trip to Ogden canyon. Arrangements had been made on an elaborate scale for this trip, which was to have been made at the close of the session. Instead a banquet was served in the banquet room adjoining the hall in which the convention was held.

As a finale to the meeting, the newly elected officers were inducted into office by the retiring past grand chief of honor, Mrs. Archie Bowman of Ogden. Immediately after the installation of the officers, Mrs. Cave, the new grand chief of honor, announced the following permanent committee:

Finance—Mrs. Frances Gibson of Salt Lake, Mrs. Susan A. Sims of Ogden, Mrs. Alice E. Deighton of Park City. Laws—S. W. Darke of Salt Lake, Mrs. Susan Guthrie of Ogden, Mrs. Eunice E. Bowman of Ogden.

CHANGE COMMENCEMENT.

State School Alters Date to Aid Press Club.

On account of conflicting dates with the concert to be given by the Ogden Press club, the trustees of the state school for the deaf and blind, at a meeting yesterday, decided to hold the commencement exercises for that institution on June 3, instead of June 4. The action of the board followed a conference between the representatives of the school and the club, and was considered the best way out of the difficulty. The members of the Press club are pleased with the change for the reason that they have all of their talent engaged for June 4, which date was selected without knowledge of the date for the deaf and blind school commencement.

Mrs. Wheatly Sprunt Dies.

Mrs. Kate I. Sprunt, wife of Wheatly Sprunt, died at her home, 23 Twenty-seventh street, at an early hour yesterday. She was 39 years old and is survived by her husband, a son and a daughter.

You'll have to go some to beat "Money Back" Shoes at any price for style, wear and comfort. You can choose from over 100 styles of the up-to-the-minute "Money Back" Shoes at \$3.50 that are sold elsewhere at \$5.00. The custom-made grades at \$5.00 and up are only to be found in this store, and if you happen to have shoe troubles come to us. Davis Shoe Co.

PUBLIC MEETING CALLED.

Citizens to Discuss Proposition of Light Company.

Considerable interest has been worked up in the coming meeting called by the Ogden City Improvement League for next Thursday. The purpose of discussing ways and means of preventing the Utah Light & Railway company from carrying out its plans to take all of the water from Ogden river near the Oaks in Ogden canyon. While the railway people say they want this water only from October until early spring, many citizens believe it will destroy the beauty of the Ogden canyon, and the plan will be opposed on these grounds. On the other hand, the railway people assert they have the right at the present time to take all the water from the river and that they will not use it until stipulation being they shall protect the irrigators. It is charged that the Utah Light & Railway company desires the additional rights merely to offset the plans that have been started for the establishing of a municipal lighting plant in this city. To the meeting called for Thursday all persons having interests in the water rights of the Ogden river will be invited, and it is noted that a strong protest will go in to the state engineer.

THREE MEN ARRESTED.

Police Believe They Had Plan to Rob a Car.

Learning that they had a plan arranged for the robbing of a car of the passing through the city, the police, aided by local officers, succeeded in arresting three men yesterday afternoon. The men were W. F. Wilson, Edward Anderson and W. F. Foster, as they were leaving the local road yards and trying to lose themselves in the crowd of the officers. It is believed that the trio are members of a gang that have been robbing box cars here for some time.

BURIAL OF MR. TAYLOR.

Interment of Man Burned to Death at Pocatello.

The funeral of Joseph E. Taylor, who was burned to death at Pocatello on Friday last, was held at his home, 87 Twenty-fourth street, at 2 o'clock yesterday afternoon. Bishop James Taylor, an uncle of the dead man, presided at the services. Solemn eulogies were read by Pauline Maddock, Orson Griffin and Mrs. Emily Maddock. The speakers were Rev. P. A. Simpson of Salt Lake, George Barker and Elshor Taylor. Burial was in the City cemetery.

Ogden Briefs.

BACK FROM CALIFORNIA—Miss Ethel Watts returned yesterday from a four months' visit with her parents, Mr. and Mrs. E. O. Watts, in California.

WOULD BE ADMINISTRATRIX—Miss Mary Mark yesterday petitioned the district court for her appointment as administratrix of the estate of her husband, Nicholas Mark, deceased. The estate consists of real and personal property valued at \$5,100.

WILL HELP THE FAIR—The Weber club has come to the rescue of the Intermountain Fair association and have appointed a committee to solicit funds to aid the association out of a hole. If it is successful, the fund will be a fair in Ogden this year that will surpass all former attempts.

COULDN'T BUNCO MC CART—John Smith was fined \$15 in police court yesterday morning for stealing a tap belt from Mc Cart's rooming house on lower Twenty-fifth street. Smith, engaged in room, went upstairs, stole a tap belt, then went to Mc Cart's saloon and tried to sell the belt to Mc Cart himself for \$5. Mc Cart nabbed the fellow and summoned the police.

RESERVOIR BREAKS BANKS

Waters Rush Down Mountain Side Through Streets of Payson—Much Damage Done.

Payson, May 21.—The residents of this city were aroused at 6 o'clock this morning in a great flurry through the noise arising from a flood of water which was rushing toward the city through the breaking of a reservoir in Payson canyon. The noise could be heard for two or three miles, and while there were only a few who were in the city at that time, the water was safe by the time the flood struck the city, which was 6 o'clock. The water came down the main street, although a flood was going down the streets east of Main. People were almost panic-stricken and rushed back and forth in all quarters, but fortunately no lives were lost, although much property was destroyed, estimated at about \$5,000. The water came down the main street, although a flood was going down the streets east of Main. People were almost panic-stricken and rushed back and forth in all quarters, but fortunately no lives were lost, although much property was destroyed, estimated at about \$5,000.

The water came down Main street about one and one-half feet deep and ran through stores in a torrent causing great loss. The postoffice was nearly put out of commission, but mail is still being passed out at this writing. Many other business houses were flooded from the cellar to the first floor, and much property was destroyed. The water came down the main street, although a flood was going down the streets east of Main. People were almost panic-stricken and rushed back and forth in all quarters, but fortunately no lives were lost, although much property was destroyed, estimated at about \$5,000.

ARE MARRIED AT EUREKA

Popular Society People Are United on Sunday Evening by Judge Lindsay.

Eureka, May 20.—Frank Bryan and Clete Green, both of this place, were united in marriage on Sunday evening at the home of the bride's parents, Mr. and Mrs. James A. Green. The young couple are well and favorably known both in Eureka and in Ogden. Among those invited were the bride's grandparents, Mr. and Mrs. John Green of Fountain Green, Mr. and Mrs. James M. Wilson, Mr. and Mrs. Charles T. Wood, Mr. and Mrs. William Bridges, Mr. and Mrs. H. S. Stout, Mr. and Mrs. William Oakley, Mr. and Mrs. John H. Greene, Miss Florence Curtis, Miss Alvina Oakley, Miss Mamie Maddison, George Schley and Wilbur Green. The ceremony was performed by Judge Lindsay.

PROVO NEWS NOTES.

PROVO, May 19.—In the case of A. T. Accord vs. L. B. Bow et al., the plaintiff obtained one cent damage for ejectment from an executive session held by the Provo city council. A committee of the whole, defendants' motion for a new trial has been overruled by Judge Provo, and sixty days given to prepare a bill of exceptions. It is believed that defendants will appeal the case, in order to get a supreme court decision in the matter—not on account of the excessive damages.

On Friday the R. Y. U. school of arts and trades will open its third annual exhibit of the work of this department, which attracted general attention last year. This year's exhibit will be even better.

Laboratory of HERMAN HARMS, Ph. G. State and City Chemist. Nos. 48 and 50 South Main Street.

Salt Lake City, Utah, March 21, 1907.

Hewlett Bros. Co., Salt Lake City, Utah.

Gentlemen:—After a most careful chemical analysis and microscopic examination of your Natural Japan Tea, I find it to be strictly pure, free from all forms of adulteration and absolutely true to character. The percentage of hot water extract, ether extract and theine are quite high. The tea must be considered of good quality. Yours truly, Herman Harms.

OBSERVANCE OF MEMORIAL DAY

Arrangements Will Be Completed at a Meeting This Evening.

Preparations for the observance of Memorial Day by the local G. A. R. are nearing completion. A meeting of the committee on general arrangements will be held this evening in the I. O. O. F. hall, at which the final plans for the program of the day will be perfected.

The parade to the cemeteries to decorate the graves of the departed soldiers will be held at 10 in the morning, as usual; the place where the parade will form has not yet been determined upon. Besides the G. A. R., the following organizations have accepted invitations to participate in this parade: The Spanish-American war veterans, Indian war veterans, P. E. Connor camp, Sons of Veterans, the troops at Fort Douglas, the High school cadets, the All Hallows' cadets, Civic organizations and lodges have also been asked to take part in the parade, and it is expected they will accept. The W. R. I. and the ladies of the G. A. R. will follow the parade to the cemeteries in carriages.

Following short memorial services at the cemeteries, the old soldiers will hold their annual memorial services at the Orpheum theatre, in which clergymen of different denominations will participate. The speakers at this service, as well as the line of march of the parade and other details, will be arranged for at tonight's meeting of the general committee.

ELKS SUSPEND THE RULES

Formal Opening of New Club Rooms at Park City Takes Place.

Park City, May 21.—As per the schedule arranged for the grand opening by the committee having the charge of the new club rooms for the local lodge of Elks in hand, the formal opening was held last evening after the regular meeting of the lodge, and that the same was a gigantic success can be attested by the many who were present and took part in the introduction of the new rooms to the public. Immediately following the lodge meeting the members adjourned across the street to the home and at that time the Elks received by the committee in charge and told to make themselves at home. A sumptuous lunch had been prepared and until a late hour the place was crowded. The rules of the organization were suspended on this opening night, but hereafter the club will close promptly each night at 12 o'clock.

The new club rooms are situated on the east side of Main street in what is known as the Barton building, situated on the upper floor is used for the club. In the front part of the building is situated the lounge rooms and the back part of the building is directly behind these rooms and again behind these are the club rooms. The entire building is owned and controlled by the local lodge through a corporation known as the Park City Elks' Home association, and the building is owned principally by the members of the lodge here.

The club rooms are the first of the sort ever started in Park City, and it is certain that they will fill a long felt want, for it has always been the case that when a man wanted to go to the club, he was of necessity driven to the saloons. Now he will be able to go to a club room and the result should be for the betterment of the conditions in Park City generally.

Tomorrow evening the local high school will hold its commencement exercises at the Dewey theatre, and after the usual literary and musical program Governor Butler, who is to be a guest of honor at the exercises, will address the public. This will be the governor's first public appearance in Park City. Following the exercises, the governor will return to Salt Lake in the special train which is to bring them to Park City for the exercises.

Charles evening Mrs. A. A. Pike died of pneumonia at her home on Empire avenue after an illness of about one week. She was 65 years of age and was the wife of Porter of Salt Lake City and came to Park City about ten years ago as a teacher in the public schools. About eight years ago she was married to A. A. Pike of this city and since that time has made her home here. Deceased is survived by two children and her husband. Funeral arrangements have been made, but the date for the service is not yet finally decided upon pending the arrival of a sister of Mrs. Pike from St. Louis.

High water, as a result of the heavy snows of the winter, has been the chief source of trouble for the city officials during the past week, and as yet the subject remains almost an unsolved problem. Owing to the fact that the Ontario tunnel is closed not only to the city, but the entire volume augmented by the heavy snowfall of the winter is coming down the canyons. In Ontario canyon the flume is out of commission entirely and the road is being ruined. The same condition exists in the other canyons, though the result to the roads is not so bad as in the Ontario. However, all the men herein do their best to handle the floods, and no further damage than that already done is anticipated.

Charles Tracy was badly injured a few days ago by his horse falling with him while en route to work at one of the mines. The man's shoulder was broken and other serious injuries were inflicted by the accident. Yesterday the team of the Park City Mercantile company got away from the teamster and created not a little excitement for a moment or two by bolting down the street at a terrific pace. The team was left near Hodgson's jewelry store, at which place a huge sign was knocked down. Dwayne Mahew, the teamster, was thrown out and sustained a badly cut head as a result of the fray. He was taken to a physician, who found it necessary to put in over fifteen stitches to close the wound.

LITTLE HOPE FOR MAIN ST. PAVING

Sewer Contractor Refuses to Go Ahead Because He Is Not Paid.

PROPERTY OWNERS ANGRY MAYOR TELLS THEM HE WILL DO WHAT HE CAN.

The city's credit is so poor that all thoughts of paving lower Main street this year have practically been given up. James Kennedy, the sewer contractor, who has not been paid a cent in cash, scrip or warrants since last November, refuses to lay any more sewers, and as a result Main street cannot be paved. Kennedy bases his refusal on the ground that he has struck water in his trenches and that he wants additional to the contract price. The real reason is that he is not being paid for his work. The board of public works held a special meeting yesterday morning. Kennedy was ordered to proceed at once on this bluff. Kennedy won't go to work until he gets some real money, and the board knows it. He has two lines of sewer to lay from Fourth South to Seventh South streets, one on each side of the street. It will take two weeks or more to complete the work. There is also an old water main in the center of the street to be taken up before any work can be done on the paving. No steps have ever been taken to have this job done.

Protest to Mayor.

While the board of public works was going through the motions of ordering Kennedy to go to work on Main street, a dozen indignant property owners were in Mayor Thompson's office protesting to him against the delay. They said they would not go to work until they were paid and that the street is still impassable. All have paid their assessments, while the city has failed to pay its bank and for which the bankers and not the city are drawing interest. The party consisted of such men as Samuel P. J. Moran, who has the paving contract, was also there. In his character as a contractor, he is not a politician, but just where the trouble lies. Although he is friendly to the administration, this is business with him and he will try to shift the blame from the shoulders of those who are running the city's affairs.

"I can't go ahead," said Moran, "until the city turns the street over to me ready for paving. When this is done I will start at once. Sewers are yet to be laid and poles must come down. I can't take them down. The city must do that first. When the city completes its work I will go ahead at once and lay the street." Mayor Thompson tried to pour oil on the troubled waters by saying that he had no objection to the paving work, but that the city must be paid for the work. The protesters left far from pleased with the shifting of anything being done this year.

Shifting of Blame.

The board of public works is trying to place the blame on Kennedy by asserting that he refuses to go ahead unless allowed extras. This bluff is unavailing, however, as Kennedy and the board. Both sides have kept the real reason under cover, and that is that Kennedy has not been paid. Kennedy is willing to take warrants, but he will not accept scrip. But he can't get warrants. The board of public works says that the auditor is to be charged with the warrants and the auditor says the attorney is to blame because he has authorized a warrant which is not valid. Kennedy says that everybody else, the contractor quits work, public improvements are delayed, and the city's credit is going down. The trouble lies, but are apparently afraid to tell. Their only hope is that the people will be kept in comparative ignorance until November.

Poles in the Way.

Another difficulty has presented itself. For the past year the board of public works at every meeting has passed for the removal of the poles of the telephone and telegraph companies, and the Utah Light & Railway company to take their poles down in the paved district. There is no record of such poles having been taken down as yet. On Main street there are poles of all kinds. Some are taken down before the paving is done. At their meeting yesterday the board ordered the poles out again. The poles are to be taken down, and the board of works takes some more decisive action than simply ordering. The board knows by experience that as can order and order its "bees" and the companies will not pay a bit of attention. But it continues to exercise its power to order the poles down in the paved district remain undisturbed, to the sorrow of the property owners and the dismay of the contractors.

Warrants at Discount.

An indication of how good the city's credit is, is shown by the fact that the S. Birch sold \$90,000 in warrants to a local land commissioner at a discount of 5 per cent. The warrants bear 6 per cent interest and heretofore have always been accepted at par. True, demand warrants are now taken at par, but the city is not to be taken in by the fact that the city's credit is so low that a discount of from 5 to 10 per cent is exacted by the banks for handling them.

The contract tangle is growing more complicated every day, and it seems almost likely that both the city and the permanent improvements contemplated for this year will be completed and that considerable work will be done for next year will be left undone. In order to clear up the situation Councilman Lehl, American Fork and Pleasant Grove at 9 o'clock tomorrow morning by the Manufacturers & Merchants' association. The special train leaves the Oregon Short Line depot over the Salt Lake Route. Lehl will be reached at 11 o'clock, and an hour spent there. The train will then go to American Fork, where dinner will be served. The train from 2 to 4 o'clock in the afternoon will be spent at Pleasant Grove, and the special will leave American Fork returning to Salt Lake at 10:15 o'clock in the evening, arriving here about 11:30 o'clock.

READY FOR MERCHANTS.

Everything is in readiness for the get acquainted excursion to be run from Salt Lake to Lehl, American Fork and Pleasant Grove at 9 o'clock tomorrow morning by the Manufacturers & Merchants' association. The special train leaves the Oregon Short Line depot over the Salt Lake Route. Lehl will be reached at 11 o'clock, and an hour spent there. The train will then go to American Fork, where dinner will be served. The train from 2 to 4 o'clock in the afternoon will be spent at Pleasant Grove, and the special will leave American Fork returning to Salt Lake at 10:15 o'clock in the evening, arriving here about 11:30 o'clock.

PE-RU-NA AS A LAST RESORT

MR. WM. F. VAHLBERG.

Mr. William F. Vahlberg, Oklahoma City, Okla., writes: "One bottle of Peruna which I have taken did more toward relieving me of an aggravated case of catarrh of the stomach than years of treatment with the best physicians."

"I had given up hopes of relief, and only tried Peruna as a last resort."

"I shall continue using it, as I feel satisfied it will effect an entire and permanent cure."

"I most cheerfully recommend Peruna to all who may read this." Peruna is usually taken as a last resort. Doctors have been tried and failed. Other remedies have been used. Sanitariums have been visited. Travel has been resorted to. At last Peruna is tried. Relief is found.

This history is repeated over and over again, every day in the year. It is such results as this that gives Peruna its unassailable hold upon the people. We could say nothing that would add force to such testimonials as the above. That people who have had catarrh and have tried every other remedy available find relief in Peruna constitutes the best argument that could be made.

PYTHIANS MEET AT PARK CITY

Grand Lodge for Domain of Utah Is Now in Session.

(Special to The Herald.) Park City, May 21.—The grand lodge of the Knights of Pythias of the state of Utah convened in session at Park City today with all the lodges of the division, except two, represented. The session was called to order at 11 a. m. The following grand officers were present and conducted the meeting: Grand chancellor, H. M. Johnson; grand vice chancellor, W. A. Radford; grand recorder, John Harrison; grand treasurer, C. Wardle; grand master of exchequer, W. P. Cooper; master-at-arms, Joe Sands, and outer guard, George Hansen.

Lloyd T. King was appointed inner guard for the day. The morning session was devoted to the appointment of the various committees, after which an adjournment was taken until 2 o'clock. Before this was done, however, a communication from the local lodge of Elks was read offering the visiting Knights of Pythias the privileges of the Elks' club.

This evening a special class was taken through the ranks of the order, and the session was followed by a Dutch supper. Tomorrow morning at 11 o'clock the election of a supreme lodge representative will be held. The special order of business and already the politicians are hard at work, the most frequently mentioned candidates for the position being Grand Past Chancellors Jennings, White and Standish. The election, it is thought, will occupy all of the morning session, as there are several other officers to be chosen, and there are fights on for many of the positions. The afternoon session will see the lodge work completed and the session will then close.

In the evening there will be a grand ball at Maple hall for members and visiting Knights, to be followed by an elaborate banquet, and after this is over the visitors will leave for Salt Lake on a special train.

NEVADA-UTAH MEETING.

(Special to The Herald.) Boston, Mass., May 21.—A special meeting of Nevada-Utah stockholders has been called for June 16, at Portland, Me., to act on an increase of the directors from seven to nine, and to ratify contracts and purchases by the directors. Books reopen June 11, and are also proposed. Books reopen June 11, and are also proposed. Books reopen June 11, and are also proposed.
